Administration

Staff attended a Public Relations Committee meeting and an Engineering Committee meeting.

Staff continues working with Counsel and MNS Consultants on the Engineering Report for the Recycled Water Permit Application project. Currently waiting on GWD Counsel to finalize the draft agreement to purchase water.

Staff continues coordinating with Public Agency Retirement Systems (PARS) to begin processing the needed paperwork for enrollment in their trust program.

District Auditors were on site and completed the majority of their site work required for the annual audit.

Staff submitted required paperwork for the District's fleet of vehicles to the Bureau of Automotive Repair.

Staff has been working with Counsel to finalize a Resolution for Board approval regarding the update to the District's investment policy.

Staff submitted the monthly report to the Bureau of Labor Statistics.

Staff submitted the required Government Compensation Report for 2016 to the State Controller's Office.

Collection System Maintenance

The District received a call from a resident on Lowell Way complaining about an odor in the area. Staff responded and opened several manholes in the area and found no odor. Reported back to the resident and the resident will call again if the odor comes back.

The crew received two days of hands-on training on the software associated with the new CCTV truck.

Tierra Contracting continues construction on the Facilities Engineering Phase VI Project. Tierra continues to make good progress and things are going smoothly. Tierra should have all the work in Isla Vista completed prior to the students returning for the fall session.

Nu-Line Technologies continues lining sewers for the Phase VI Pipeline and Manhole Maintenance Project. They continue making good progress and are on schedule. District Staff is inspecting this project.

District Staff continues inspecting the public sewer portion of the Village at Los Carneros Project as needed.

The crew completed root cutting throughout the District.

A sewer operations summary is included with this report.

Staff continues working with Phil Brittain on establishing a radio link from the Emily Lift Station. This will allow the District to get rid of the phone data line saving a monthly bill and improving reliability.

The crew performed routine tests on all the District's emergency equipment.

Staff has been monitoring Granite Construction as they work on the City of Goleta's Hollister Avenue bike path project which requires raising and/or lowering some of the sewer manholes in that area and the raising of sewer manholes in areas affected by the City of Goleta 2016-2017 Pavement Overlay Project.
