GOLETA WEST SANITARY DISTRICT **Information Sheet for Candidates**

District Background

Goleta West Sanitary District (referred to as the "District") was formed in 1954 under the Sanitary District Act of 1923 (California Health and Safety Code Sections 6400 et seq.). It provides wastewater collection and treatment services to over 6,000 residential and non-residential properties within the District's service area, which encompasses the western Goleta Valley and isle Vista. The District 's wastewater collection system consists of approximately 63 miles of sewer lines and 2 pump stations, which convey customers' wastewater to the regional treatment plant at Goleta Sanitary District (GSD). Several other public agencies – including the City of Santa Barbara (Airport), County of Santa Barbara, and USCB – are also contractual users of the GSD treatment plant, and each has capacity rights in the plant for which they pay a pro rata share of capital improvement costs. Because the District has an approximately 41% capacity right in the GSD plant, it pays for roughly 41% of the capacity improvement costs for GSD's regional treatment plant.

Since 1963, the District has also provided award winning street sweeping services, and has maintained an industrial Waste Pretreatment Program to monitor and control the discharged waste of industrial users to the public sewer system. The Industrial Waste Pretreatment Program, required by the Federal Clean Water Act, ensures the continued effective operation of the collection system, treatment plant, and the protection of collection system workers.

The District operates under the leadership of a general Manager/Superintendent, and six staff, which includes four utility workers, and environmental compliance specialist and an office manager. General Counsel services are provided by an outside firm.

The District is an independent special district, meaning it functions separate and apart from any other local government (i.e., it is not part of the City of Goleta or County of Santa Barbara) and its Board is independently elected by District customers and acts with a relatively high degree of autonomy. As an enterprise agency, the District is funded primarily through fees paid by customers.

Board of Directors

The District is governed by a five-member Board of Directors, each elected to a four-year term. District elections, which are consolidated with the statewide election, are held every two years in November on even numbered years. Terms are staggered, with two terms expiring in one even-numbered year, and three terms expiring the following even-numbered year. Two District terms will expire in 2024 and three expire in 2026.

The November 5, 2024 election will mark the first of two elections that will transition the District from an at-large to a by-district-election system. The seats to be filled will represent new Districts 2 and 4. The remaining board members will continue to represent the District at-large, until their seats are up for election in 2026, at which time they (if re-elected) or their successors will be elected to represent new Districts 1, 3, and 5.

Candidates must be a United States Citizen, at least 18 years of age and reside within the boundaries of the Goleta West Sanitary District. Candidates must also reside within the district that they will represent. Election procedures and deadlines may be obtained from the Santa Barbara County Elections Division located at 4440-A Calle Real, Santa Barbara, California 93110.

As public servants, Board members must file certain financial disclosure forms that are public records such as Fair Political Practices Commission Form 700. Officeholders and candidates for office must also complete a Form 470.

Board member Expectations: Board Meetings and Other Commitments

The primary responsibilities of the Board include the formulation and evaluation of District policy as well as legal and fiduciary oversight of the District and its mission. Staff, on the other hand, is responsible for implementing the Board's general direction. Expectations of Board members include the following:

- **Attend All Regular and Special Board Meetings.** Board Members are expected to attend all regular and special Board meetings unless there is a good cause for absence. The Board meets on the first Tuesday of each month, and the third Tuesday of odd-numbered months. Board meetings begin at 5:30 pm in the District office located at UCSB, Parking Lot 32. Occasionally, these regularly scheduled meetings may be cancelled, while other special meetings may be called, sometimes on days and times that are not Tuesday at 5:30 pm.
- **Participate in District Committee.** In addition to Board meetings, Board Members are expected to serve on one or more of the District's five standing committees, which meet regularly on an as-needed basis (Management Committee, Finance Committee, Public Relations Committee, Engineering Committee, and Personnel Committee). Board Members may also be asked to serve on ad hoc committees that are created from time-to-time, depending on the needs of the District and the Board. Committee assignments are generally, but not always, made based on a Board Member's subject matter expertise. Committees are composed of two Board Members, and review specialty subject matter and make appropriate recommendations to the entire Board. The current committee representative assignments are found here [\[add link\]](#).

- **Familiarity with District Business, Policies and Regulations.** As representatives responsible for making important decisions on behalf of the District's customers, such as ratemaking, Board Members should strive to be informed about the issues facing the District and be prepared to ask relevant questions of staff and other Board members and to provide pragmatic advice and comment. Board members should also be familiar with the District's various ordinances and resolutions, which are available here and serve as a tool for accountability, transparency, and communication with costumers. The bulk of the District's policies and regulations relate to providing and maintaining sewer facilities and service, as well as Board and employee rules.
- **Represent the District at Meetings of Other Local Public Agencies.** Board Members also act as a District representative at the meetings of other local agencies, with alternatives assigned to act as a fill-in when the designated representative cannot attend a meeting. At the District's Board meetings, Board Members must report out on matters of interest to te District that are discussed at the meetings of the other local agencies. The current District representative assignments are found here **[add link]**.
- **Attend Mandatory Trainings.** As public officials, State law mandates Board members receive 2 hours of ethics (AB- 1234) training no later than one year after their first day of service in public office, and biannually thereafter. The training encompasses laws relating to personal financial gain (e.g., prohibition on bribery, conflicts of interest when leaving office), perquisites of office (e.g., limitation on receiving gifts, honoraria ban), government transparency (e.g., Public Records Act), and fair process (e.g., common bias laws, competitive bidding requirements for public contracts). Board Members are also biannually required to attend a two-hour sexual harassment prevention training.
- **Comply with Applicable Laws and Standards.** Board members are expected to combat themselves to the highest ethical standards both in their capacity as office holders and personally. Various state laws, including Brown Act ("sunshine law") and Political Reform Act, are designed to ensure that Board Members act in the best interested of the District and not for personal gain. Board members should also review and be familiar with the Board Policy handbook, which can be found here **[add link]**.

18.1 Industry Group Memberships. The District generally maintains memberships in the following groups: California Special Districts Association (CSDA) (both state and Santa Barbara chapters), California Association of Sanitation Agencies (CASA), California Water Environment Association (CWEA), and Southern California Alliance of Publicly Owned Treatment Works (SCAP). The Board of Directors may elect to enroll the District as a member in other groups and organizations.

SECTION 19. STATEMENTS OF POSITION ON PENDING LEGISLATION OR ADMINISTRATIVE ACTION

19.1 Background

The Board of Directors believes that the proper discharge of its duties includes an obligation to be informed of legislative and administrative activities at other levels of government that may affect the District's interests. From time to time, the District may wish to communicate its position on pending legislation or administrative action (on a county, regional, state or federal level). Such a statement of position may be requested by one of the organizations of which the District is a member (e.g., CASA, CSDA) or otherwise. The purpose of this protocol is to establish a procedure for the preparation and communication of that position.

19.2 General Procedure

The General Manager and General Counsel shall provide regular reports on pending legislative or administrative action to the Board of Directors. These reports should be provided on a quarterly basis to the Board's Management Committee, which shall review those reports and forward to the Board those items the Committee deems appropriate for the Board's review and consideration. The reports shall include, insofar as feasible, the positions taken by professional or industry organizations of which the District is a member (e.g., CASA, CSDA). The General Manager and General Counsel shall have the discretion to prepare and provide to the Board a proposed statement of position on any pending legislative or administrative action which, in their judgment, is appropriate under the circumstances.

19.3 Quick Action Procedure

From time to time, the District may be asked for a statement of position on a quick-response basis and with insufficient time for the Management Committee or Board of Directors to review and consider the matter. Under those circumstances, the President and General Manager shall have the authority to prepare and submit a statement of the District's position, provided that position is consistent with any position asserted by either CASA or CSDA. That statement shall be presented to the Management Committee and the Board at their next meetings. The President and General Manager shall also have the authority to convene a special meeting of the Board to consider the matter, if they deem it appropriate to do so.

SECTION 20. PAPERLESS AGENDA AND TABLET USE POLICY

20.1 General Statement

The Board of Directors (the “Board,” individually “Board Member”) for Goleta West Sanitary District (the “District”) finds that the use of paperless agenda packets will significantly reduce printing and delivery costs, save staff time, lessen the environmental effects of paper use and disposal, and allow Board Members and designated staff to more effectively perform their duties. The use of a tablet device will allow for electronic transmission of agenda materials to Board Members and eliminate the need for printed agenda packets.

20.2 Purpose

In order to protect the public’s trust and operate in an open and transparent manner, the use of Tablets must be in accordance with all laws and regulations applicable to public agencies, including the Brown Act, the California Public Records Act, and principles of due process. This Paperless Agenda and Tablet Use Policy (“Policy”) shall provide guidance as to how Tablets may be lawfully and effectively used to implement the District’s shift to paperless agendas.

20.3 Policies and Procedures

20.3.1 General Device Rules:

20.3.1.1 Issuance and Service: Each Board Member is eligible to receive a District-issued tablet device (“the Tablet”) with Wi-Fi connectivity for use during his or her term. During Board and Committee meetings, each Board Member will have access to the Internet through this Tablet via a District WiFi connection. The Board may authorize a District-funded data plan for use on the Tablets. If a Tablet User’s use of the Tablet results in an extra charge to the District, the Tablet User shall be responsible for reimbursing the District. This includes but is not limited to charges for text messaging, roaming charges, overage charges, and multimedia charges. The General Manager shall determine which employees, if any, are required to maintain a Tablet in conjunction with the performance of their job duties and responsibilities.

20.3.1.2 Responsibility for Tablet: Each Board Member or designated employee (“Tablet User”) shall be solely responsible for the Tablet when under his or her control and shall take all reasonable measures to protect the Tablet from loss, damage, theft, and unauthorized use. In the event a Tablet is lost or stolen, the Tablet User shall report the loss or theft to the General Manager immediately (ideally within 24 hours). In the event that malfunction or damage

necessitates the repair or replacement of a Tablet, the Tablet User shall contact the General Manager with a verbal or written description of the problem and deliver the Tablet to the General Manager. A Tablet User may be held responsible for excessive repair or replacement costs incurred by the District resulting from loss, theft, or damage. The District may periodically add or remove applications or software from the Tablet at its discretion.

20.3.1.3 Return: The Tablet User shall return the Tablet to the District prior to the Tablet User's last day of service. If a Tablet User repeatedly violates the terms of this Policy, the Tablet User may be required to return the Tablet to the District.

20.3.2 Acceptable Use: Tablet Users shall use Tablets solely for District business, including review of electronic Board agenda materials, researching relevant topics, obtaining useful information for District business, and conducting District-related communications as appropriate. Tablet Users shall not use Tablets for campaign activities, personal business, or any other personal use. Use of the Tablet shall be in accord with all local, state, and federal laws.

20.3.3 Privacy and District Access

20.3.3.1 District Property: The Tablet is property of the District. The District reserves the right to inspect any and all files stored on the Tablet. Tablet Users do not have any personal privacy right in any matter created, received, stored in, or sent from the Tablet.

20.3.3.2 California Public Records Act: All emails, files, notes, photographs, and other records created, received, stored in, or sent from a Tablet may be subject to disclosure under the California Public Records Act.

20.3.4 Usage During Board Meetings: A Board Member shall not use the Tablet in any manner that constitutes a violation of due process or the Brown Act. During Board meetings, Board Members shall refrain from using the Tablet to exchange information with each other or District staff about District issues or using the Internet to access information concerning a matter on the agenda for that meeting that was not made available in the agenda packet and in other materials distributed prior to the Board meeting. To avoid an appearance of impropriety, Board Members shall not use the Tablet to send any emails or text messages during Board meetings.

- 20.3.5 Security Precautions: A Tablet User shall not download files to the Tablet from sources which he or she has any reason to believe may be untrustworthy. Downloaded files and attachments may contain viruses or hostile applications that could damage the District's systems. Tablet Users shall make all necessary and reasonable efforts to protect the security of any confidential information which is placed in their control or care to avoid the likelihood of transmission of confidential information to unauthorized recipients.
- 20.3.6 District Liability: By providing a Tablet for District business, the District assumes no financial or legal obligations related to the Tablet User's use of the Tablet. The District does not accept responsibility for loss of any information or data stored on the Tablet.
